# Saint Hyacinthe Cemetery

## Where beautiful memories linger.

*In memories we find love, in love we find peace.*

### The Columbarium in the Saint Hyacinthe Cemetery

is located in a beautiful, peaceful area of the cemetery with two benches,  
one on each side of the Columbarium.

As of January 2025 the price of a niche is set at \$3000. (This price is subject to change without notice)

Included in the price is the Bronze Door Plaque with the engraving costs for names, date of birth and date of death after inurnment. The price also includes a \$300.00 perpetual care fee that gets invested in a Trust Fund with the Archdiocese of Saint Boniface, which guarantees Perpetual Care for the cemetery in the event that the Saint Hyacinthe Parish ceases to exist.

The niches are being sold on a 'first come first serve' basis, so the choice of niche location within the Columbarium is greater the earlier you buy. The niches are 12.5x12.5x14 inches deep and can accommodate up to 2 urns.

One of the big advantages of a niche inurnment is cost. A comparable ground interment in the Saint Hyacinthe cemetery for a couple would cost \$1300.00 plus a minimum of \$4000.00 for a smaller plain upright monument with full engraving of names, date of birth and date of death.

The cost of a niche in the City of Winnipeg is at a minimum 2 to 3 times the price for which we are selling our niches.

#### *Please note:*

Our cemetery is administered according to Christian beliefs, that seek to treat a deceased person's remains with great respect. Similarly to burials and headstones, only niche plaques which follow our convictions are allowed.

## Q&A

### ***What is the price of a niche?***

As of January 2025 the purchase price is set at \$3000.00.

### ***What is included in the price?***

The price includes the Niche, the Bronze Door plaque, the engraving and the \$300 Perpetual Care fee.

### ***What is the engraving included on the Bronze door plaque?***

The engraving includes the cost of name(s), birth and death date (that would be added after inurnment). The plaque may be stored in the niche and mounted at a later time.

### ***Can I choose where my niche is located in the columbarium?***

Niches are sold on a 'first come first served' basis – so the earlier you buy, the greater the choice of niche location

### ***For further information or to purchase a Niche please contact***
